PLANET TREKKERS

WELCOME TO PLANET TREKKERS KIDS CLUB

Discovering the world together is as much about the journey as the destination. With that in mind, Planet Trekkers Kids Club offers a programme of tailored services and activities for children aged between 4 - 12 years old. The Planet Trekkers Programme allows families to explore the world together and connecting them with their island location. It aims to support children's growth, curiosity and creativity, by providing them with fun opportunities to learn and experience new things.

With a captivating abundance of sea creatures on our doorstep, Planet Trekkers Kids Club is a youngster's paradise for discovering the deep wonders of the Indian Ocean. Through games, arts and crafts and mini expeditions, budding marine biologists and curious young explorers can connect with the magic of the island while cultivating long lasting friendships.

Supervised by a well-trained and fun team, Planet Trekkers Kids Club is a secure haven with a rotating schedule of recreational and educational activities to keep our young explorers entertained. Parents can indulge in reconnection time, knowing that kids are happy, fulfilled, and experiencing an adventure of their own.

DESIGN AND CONCEPT

Planet Trekkers Kids Club is creatively designed with a spacious indoor space encapsulating a quiet corner with a library and an arts & crafts area. The ample outdoor area offers endless hours of fun in the sun with a splash pool, large garden and climbing frame depicting a pirates ship.

Planet Trekkers Kids Club takes design inspiration from the 'Maldivian Dhoni boat theme' and has taken the queue from this narrative to weave concept around it:

- Travelling the seas for kids
- Boat canopy ceiling
- Sea life themed furniture

EXPRESSIVE ZONE

The Expressive Zone where art and craft activities happen. Expressive arts help to awaken a child's imagination and creativity. Discovering through their senses, it is a way to help them develop and tune in to their creative minds.

INTERACTIVE ZONE

At Planet Trekkers, an Interactive Zone is provided for our young explorers to play at leisure. With a great variety of friendly games available that can help children enjoy while socializing with others.

PLAY (TODDLER) ZONE

The Play Zone is an area exclusively for toddlers to play, specifically designed with smaller movers in mind. For toddling kids the bright colors, soft equipment and challenging physical activities are all readily available to provide a fun, stimulating play experience. Within the toddler zone we have soft play mats with arches, walkers, a baby activity chair, soft animal finger puppets, textured soft ball sets, etc.

IMAGINATION ZONE

Imagination Zone is a multipurpose area where Maldivian culture, art and music inspire children for fun and memorable experience. Using traditional Maldivian male, female costumes and jewellery allow us to create a unique sense of space and give wings to young explorers' imagination and creativity for fun learning experience.

OUTDOOR PLAY ZONE

The Outdoor Play Zone is a great place to meet new friends and a space for young explorer to be physically active. Our activities encourage the movement and help develop social skills through group play.

PLANET TREKKERS LIBRARY

To Inspire our young Planet Trekkers and develop their curiousness from a young age, a cosy reading corner with a wide selection of books is available in Play Zone.

DISCOVERING NATURE OF MALDIVES

Connecting children and nature has important health benefits. Spending outdoor time aid children in growing lean and strong, enhances imaginations and attention spans.

HIGHLIGHTED ACTIVITIES:

A unique selection of exploration-themed activities that unlock children's growth, curiosity and creativity.

MALDIVIAN LEAF ART

A beautiful idea of fallen leaf art that encourages children to be environmentally friendly and enjoy the beauty of small simple things in the world around them. Collecting fallen tree leaves on a nature walk and making leaf prints by dipping them in paint shows little ones the way of creating great masterpieces using their imagination and the beauty that nature offers.

YOUNG MAAMUNAGAU BOTANISTS

Gardening flowers and small trees teaches children basic science, responsibility, encourages creativity, and provides a positive place for children to think, relax, and recharge.

TRADITIONAL PALM LEAF WEAVING

Life in local islands is simple and grounded with toys made out of materials from their natural environment. We want to enable our young explorers to discover this new world by experiencing the same that local children do, capturing the essence of Maldives at the same time. Palm weaving, a unique handmade art of folding and weaving of palm leaves strips, is one of the best ways to learn more about local life. Simple yet enjoyable and meaningful.

RECYCLE ART PROJECT

As a part of educational activities for young explorers, we find it very important to provide children with basic knowledge of ocean and marine life conservation. By repurposing items before throwing them away, children will learn that making new items from recycled ones take less energy and fewer resources than making products from brand new materials.

PALM BARK PAINTING

Palm bark is a natural soft canvas that can be a great souvenir or agift that children may bring home and keep as memory of their time in Maldives.

ARTS & CRAFTS

Artistic activities foster intellectual development and some of their benefits are stimulates both sides of the brain. Increases the capacity of memory, attention and concentration.

- T- Shirt Painting
- Sunset Catchers
- Canvas Painting
- Coconut Painting
- Wood Painting
- Bracelet Making

COOKING CLASSES

The cooking classes are an important way to help children build healthy relationships with food. One of the greatest benefits of letting kids cook is the sense of achievement, boosting confidence and self-sufficiency that they experience.

- Pizza Making
- Cookies Creation
- Cupcake Artists

KID'S WATER SPORT

An outdoor water activity is the best way to get fresh air and engage in physical activities. Playing in the water can improve physical and mental health. It reduces stress and anxiety and increase self-esteem.

- Fun Tube
- Discovery Snorkeling

GET TO KNOW THE MALDIVES

An educational presentation about life in the Maldives, local traditions and culture, flora and fauna. Kids will discover many new and exciting details and facts about the Maldives, which they can share with their parents. During the presentation, we play games and quizzes to help the kids to memorize the provided information faster.

SAND SCULPTING

A very popular traditional Maldivian activity, fun for the whole family as kids and parents create huge sand sculptures of ocean creatures like a manta ray, dolphin or turtle.

MINI MANTA BIOLOGIST & YOUNG MARINA BIOLOGIST PRESENTATION

A small interactive and educational session for the kids teaches them how to protect nature and interact with marine life. They discover a lot of useful information about the ocean and its inhabitants.

RHYTHMS OF BODUBERU – BODUBERU CLASS FOR KIDS
